

## **Eastmont Global Priorities for New Global Partners**

**APPROVED 5/7/2020**

---

Eastmont Global submits to the work of the Holy Spirit in the selection of any new Global Partners. We recommend the following priorities be considered when/if an opportunity to partner with a new Global worker arises.

### **Ministry**

Eastmont Church prioritizes global partnerships which align with Eastmont distinctives and directly or indirectly:

- Serve unreached people groups<sup>1</sup>
- Emphasize the spread of the Gospel and equipping of local believers
- Serve the “least of these”, meaning those in most need as described in the scriptures

### **Readiness**

Eastmont Church believes that Global Partners are best equipped for service when:

- Spiritually mature and serving within their area(s) of spiritual gifting in their local church
- Relationally mature and equipped with the skills, aptitudes, and family support to operate successfully in the field
- Supported by an experienced sending agency or alternate support structure which can meet the complex needs of a person or family serving as a Global Partner

### **Association with Eastmont:**

Eastmont Church prioritizes the support of local Eastmont Partners who are called to serve the Lord as a Global Partner.

---

<sup>1</sup> An unreached or least-reached people is a people group among which there is no indigenous community of believing Christians with adequate numbers and resources to evangelize this people group without outside assistance.
